Data Dictionary for Dataset: Well Permits

Column	Column Name / Field	Description
	Name	
Α	PermitNumber	Unique identifier number of the well permit that
		generated this record.
В	LocalWellID	Local identifier (if used) of the project or property for
	MallTura	which the well is permitted.
С	WellType	Type of well permitted.
D	TaxID	County tax parcel identification number for property on which the well is located. Per 29 Del. Code, §10002 (I)(17)a.2., specific location information for the following well types has been redacted: Public-Standard, Public-Miscellaneous, Industrial, Fire Protection-Standard, Fire Protection-Public, and Aquifer Storage and Recovery (ASR).
E	SepticPermitNumber	Permit number of any septic system on the same property.
F	wellauthcode	Authorization code for well-drilling activity to create the permitted well.
G	WellStatus	Status of well permit application.
Н	EstMaxCapacity	Estimated maximum capacity of the well, measured in gallons per minute.
I	EstDailyUse	Estimated daily use of water from the well measured in gallons per day.
J	RequiresAllocPermit	Does the well require a water allocation permit? (Yes/No)
K	EstConstructDate	Estimated date of construction.
L	ProposedDrillMethod	Proposed method of drilling to create the well.
М	PumpMaker	Brand of pump to be used.
N	PumpIntakeSetting	Feet below land surface at which the well pump takes in water.
0	PumpTestRate	Tested capacity of pump, measured in gallons per minute.
Р	PumpRatedCapacity	Rated capacity of pump, measured in gallons per minute.
Q	PumpTestTime	Hours that the well was tested.
R	PumpingWaterLevel	Depth to maximum water level during pumping, measured in feet below land surface.
S	RetainWell	Was this well replaced and retained for other uses. (Y or 1 = Yes. N or 0 = no)
T	StaticWaterLevel	Water level when the well is not pumping, measured in

U WaterLevelDate Date on which water level was measured. V TotalDepthProp Proposed total depth of well, measured in feet below land surface. W TotalDepthActual Actual depth well drilled to, measured in feet below land surface. X WellTermunusInches Measurement, in inches, of the top of the well, whether above or below grade. Y WellTerminusType Type of upper terminus unit used to connect well to water distribution system. Z ReplacedWellPermitNumber If a replacement well, permit number of the well that was replaced.
